
Electric Heat Kits

For Haier HB Equipment Series

Standard Features

- Point Suspension element support system which eliminates hot spots to extend heater life
- Time delay between steps which recycles on power interruption or brown-out
- No off delay (a problem with sequencers) to increase SEER rating and prevents heating overshoot
- Chatter and Rapid-Cycle Resistant Contactors rated for 250,000 cycles
- Rust resistant nickel chromium heat elements.
- Rounded metal corners for safer handling and installation
- Factory intalled circuit breakers available on most models
- Modular elements replaceable in 5KW increments
- Modular control plug for installation ease
- Completely assembled, tested and certified
- Customized BarCode labeling
- On-time Delivery
